## *Company Overview*

Ebeko has entered the global market to introduce various types of leather shoes to the world's market. This company produces high-quality products based on the international standards using the most advanced machines and the highest technology. Ebeko is one of the largest shoe manufacturers in the Middle East to provide leather shoes with modern designs to meet all kinds of needs and tastes. Using the best natural leather to produce its products, this company designs leather shoes with the highest quality to maximize customer trust and satisfaction.

Ebeko is reputable in the production and export of high-quality leather shoes to various countries around the world, since it has always attended numerous international exhibitions, been honest in sales, taken all customer needs and tastes into account, and provided comprehensive after-sales service.

### *Business description*

The leather shoe industry has a very high export potential in the world. The export of leather shoes in the world was about \$ 8 billion in 2019, with Italy being the largest exporter of this product with more than \$ 1.5 billion.

Ebeko is one of the most reputable manufacturers and suppliers of leather shoes and it exports to various countries such as Iraq, Afghanistan, Azerbaijan, Turkmenistan, Georgia, Syria, Russia, etc. The largest importers of leather shoes in the world are the United States, Germany, France, Britain and Italy. Maintaining a high quality, using the best raw materials, and having the greatest variety, Ebeko has become one of the most popular manufacturers of shoe leathers in the world.

## *Vision and values*

Designing, producing, and supplying the best leather shoes are among our most important values. We are committed to producing the most comfortable and the highest quality leather shoes relying on experienced and knowledgeable experts in order to provide dear customers with maximum satisfaction, and we will always observe the highest standards in the industry. Ebeko tends to become one of the first choices in the leather shoes industry and in the long run, it will become the largest manufacturer of leather shoes and will gain the most popularity around the globe.

## *Mission and Targets*

Ebeko intends to maximize customer satisfaction and to achieve this important goal it is aiming for the following targets:

- Offering a variety of products, with high quality and acceptable prices
- Applying strategic principles to achieve the highest standards in production

- Strengthening the position of the organization as a reputable company
- Carrying out research and development activities to present new products, and perfect services
- Maintaining a total quality management system (TQM)
- Maintaining the international standards throughout all the production stages
- Using world-class equipment and technology to produce superior products

## *Company Overview*

We have always aimed for standardizing our materials and using high-quality leathers in our production, and have made every effort to provide our customers with after-sales services. We use environment-friendly leather, international designers, educated experts to introduce world-class products to gain customer trust and satisfaction.

## *Products and Services*

- Women's leather shoes
- Men's leather shoes

## *Delivery and payment*

Due to the geographical location of the Middle East and its access to land, air and sea borders, the delivery of the products is done both promptly and conveniently. Dear customers can always suggest their desired delivery methods. Due to having multiple foreign currency accounts under the company name, and natural persons approved by the company, we suggest Telegraphic Transfer. You can also discuss your desired payment method with our experts.
